LIFE IS BETTER  
CONNECTED.

I N F O R M A T I O N I N M E N T

The Fiat 500X has bags of style and technology too. Boost your connectivity with the **Uconnect™ 7" HD LIVE touchscreen with "tablet effect"** and **HD display**: offering a wide range of functions, from **Uconnect™ LIVE** services offered as standard, with a hands-free system, Bluetooth® technology, and voice recognition. Available with Apple CarPlay integration and Android Auto™ compatibility, the system has a user-friendly interface that allows you to manage maps, music, contacts, and more. All safely within reach while you drive.

UCONNECT™ 7" HD DAB

UCONNECT™ 7" HD NAV DAB

UCONNECT™ RADIO DAB

The 7" Uconnect™ System, with Apple CarPlay and Android Auto™ integration, is equipped with a 7" high resolution touchscreen display with capacitive technology.

The Uconnect™ 7" HD Nav system is equipped with TomTom and DAB function (Digital Audio Broadcasting). It is available for Apple CarPlay integration and Android Auto™ compatibility.

Uconnect™ Radio with Bluetooth®, Aux and USB is the gateway to the Uconnect™ world. It is fully integrated in the dashboard of the car and provided with controls on the steering wheel. The Bluetooth® (Hands-free profile) interface allows you to make and receive calls, to listen to and send text messages and to play music all on your mobile phone.

To enjoy Apple CarPlay\* connect your iPhone to the specific USB port in your car.

To use Android Auto™\* on your phone screen, you'll need an Android phone running 5.0 (Lollipop) or higher and the Android Auto™.

\* Apple CarPlay is a trademark of Apple Inc. Use of the Apple CarPlay logo means that a vehicle user interface meets Apple performance standards. Apple is not responsible for the operation of this vehicle or its compliance with safety and regulatory standards. Please note that the use of this product with iPhone, iPod, or iPad may affect wireless performance.

# ALL ROADS LEAD TO EXCITEMENT.

## E N G I N E S   A N D   S A F E T Y

With the Fiat 500X you're always on the best road. Thanks to its hi-tech engines which offer lower consumption, better performance, higher acceleration and best in class driving comfort. Discover a range of engines able to reduce fuel consumption while increasing driving pleasure, thanks to low-end-torque.

From the new **HYBRID 48volt** engine that provides you a better consumption and improved comfort, thanks to new 7-speed automatic transmission; to the **FireFly Turbo 1.0** dedicated to urban use, with an instant torque for high responsiveness, an enjoyable feeling of acceleration and acoustic comfort. Also available in the range is the efficient **MultiJet Diesel** engine, which is now cleaner thanks to the adoption of an SCR integrated in the DPF and includes a 1.6 130 HP, with manual transmission.

### ENGINES

- 1.0 T3 120HP MT E6d final
- 1.3 MJET 95HP E6d final
- 1.5 T4 130HP MHEV 48V DCT E6d final
- 1.6 MJET 130HP E6d final

### SAFETY

The Fiat 500X is equipped with innovative safety systems, so you are prepared to take on every road.

**TRAFFIC SIGN RECOGNITION AND SPEED ADVISOR**  
The system detects and recognizes traffic signs and displays them on the TFT cluster. With speed limiter active it's also possible to limit the car's speed to the maximum allowed level read by the Traffic Sign Recognition system.

**AUTONOMOUS EMERGENCY BRAKE**  
The system detects the speed of the vehicle in front in relation to the Fiat 500X and will advise the driver if they are approaching too fast and therefore there is a risk of collision. Should the driver not intervene, the system automatically activates braking to avoid the impact or mitigate its effects. The brake control operates down to 7km/h and provides audible and visible warnings.

**REAR VIEW CAMERA**  
The rear camera helps to park the car and to manage difficult operations. The image is projected with dynamic grid lines and a center line graphic that adjusts guide paths as the steering wheel is turned.

**LANE ASSIST**  
Utilizes a camera-based machine vision sensor to detect and measure the position of the vehicle within lane boundaries. During an unintentional lane drift with no turn signal applied, the system will provide a visual indication on the instrument panel accompanied by greater resistance of the steering in order to bring the car back into lane limits.

**SAFETY DISTANCE MANAGER (ACC)**  
Using a radar sensor, the system detects vehicles in its path and maintains the vehicle at a set speed. It operates from 30-km/h. If slower traffic is detected, the system will automatically adjust to a safe distance, pre-selected by the driver.

**BLIND SPOT ALERT**  
It continually monitors the presence of vehicles in 'blind spots' and advises the driver through a light signal on the door mirrors.

**ADAPTIVE HIGH-BEAM**  
Makes nighttime driving safer by providing the maximum amount of light possible for any driving scenario. This system switches headlamps from high to low-beam when incoming headlamps or forward lighting elements are sensed and back again from low- to high-beam when those conditions expire.

**REAR CROSS PATH DETECTION**  
Helps to monitor vehicles and objects in blind areas whilst the Fiat 500X is in reverse gear. If a vehicle is approaching from the side, it provides feedback to the driver via audible chimes and a light signal on the door mirror.

**FRONT AND REAR PARKING SENSOR**  
The front and rear parking sensor's acoustic signal warns you when you're approaching a hidden obstacle during parking and reversing manoeuvres.

# WHEN YOU FIND THE RIGHT ONE, YOU KNOW.

Whatever your style, get ready to leave your mark wherever you go. With so many customization options it's easy to get noticed.

D-FENCE PACK

# PEACE OF MIND IS THE NEW MUST-HAVE.

Always caring for you, the Fiat 500Xs give you the **D-Fence pack**. Available as optional, this innovative system of products allows you to sanitise the cabin and the passenger's atmosphere.

**High performance Cabin Filter**  
The MOPAR Filter is carbon-activated with an additional Polyphenol-based treatment, created to reduce impurities from outside the vehicle.

- Blocks particulates (PM 2.5).
- Removes over 99% of allergens and fine particles.
- Reduces the proliferation of moulds and bacteria by over 98%.

**Air Purifier with HEPA filter**  
A portable Air Purifier equipped with HEPA filter which sanitises the air in the car in just a few minutes.

- Helps to filter pollen and micro particles (PM 2.5).
- Helps remove toxic gases.
- Removes up to 98% of airborne bacteria.

**UV Lamp**  
A small and efficient UV-C lamp which sanitises surfaces inside the car such as the steering wheel, gearstick and seats, as well as any other object you wish.

- The UV-C system helps sanitise the surfaces and removes up to 99% of bacteria.
- With easy-to-use Plug&Play technology.

The CO<sub>2</sub> emission and fuel consumption values are defined based on official tests, in conformity with the provisions of the EU Regulations in force at the time of homologation. In particular, the indicated values are calculated based on the WLTP test procedure. The CO<sub>2</sub> and consumption values are only indicated for the purpose of comparing the vehicle data. The CO<sub>2</sub> and consumption homologation values may not be representative of the effective CO<sub>2</sub> and consumption values, which depend on many factors related, for example, to weather and road conditions and to vehicle condition, use and equipment. The CO<sub>2</sub> and consumption values specified in this document refer to the versions of the vehicle with the highest and lowest values. These values may change depending on the selected equipment and/or tyre dimensions. The indicated CO<sub>2</sub> and consumption values are not definitive and may evolve if the production cycle is modified. In any case, the official CO<sub>2</sub> and consumption values of the purchased vehicle will be provided with its accompanying documents. If the CO<sub>2</sub> and consumption values affect the calculation of the vehicle duties and taxes, refer to the applicable standards in force.

## CIAO FIAT CUSTOMER CARE

CIAO FIAT

00 800 342 800 00

You can contact Fiat by calling the dedicated Toll Free Number 0080034280000\* reachable from most European countries. We are at your disposal to provide Road Assistance services, active 365 days a year, 24 hours a day. By contacting Fiat Customer Care you can also request info on our models, services, dealer network and, lastly, book a test drive on a vehicle of your choice. Fiat is at your disposal to satisfy every necessity or request linked to the use of your vehicle or our assistances services.

\* Remember to check the call costs with your phone provider when calling from abroad or mobile phones.

## WEB

### my Fiat

Take care of your car in one click! Go to [my.fiat.com](http://my.fiat.com) and discover a world of dedicated services: safe maintenance, reminders and customized promotions.

## FLEET & BUSINESS

FCA Fleet & Business is the division that responds to all business customer needs, including self-employees, small and medium enterprises and large companies. Through our partners, we provide our business customers with dedicated financial products for leasing, contract hire or purchasing, and tailored after-sales services, such as scheduled service plans and warranty extensions.

<https://www.fiat.it/leasing>

## LEASYS

CARE, THEN CARS

Leasys offers rental and mobility services for individuals, professionals and companies of all size and public administrations: from short-and-medium term rental, long term to car sharing, and from subscription to fleet management, up to the online sale of used end-of-lease cars. Leasys is an all-round mobility operator offering flexible and digital solutions.

For those who wish to drive Fiat 500X and enjoy the experience without thinking at the car management it is possible to rent 550X with Leasys Miles, the pay-per-use offer. Thanks to this innovative formula, Leasys responds to the needs of those who use the car mainly around the city and have a low annual mileage. Leasys Miles has a duration of 48 months, has no down payment and it is characterized by an advantageous monthly fee, to which is added a variable fee calculated on the basis of the kilometers actually travelled. The first 1,000 kms are already included in the fee. It is also possible to enrich the basic rental with additional assistance services and insurance coverages to enjoy the car and its use truly with no worries.

To more details, consults [www.leasys.com](http://www.leasys.com)

## FINANCE PACKAGES AND INSURANCE SERVICES

FCA Bank is the digital bank dedicated to motorists specialized in the car financing. Whether you are a private customer, professionals or run your own business, FCA BANK offers you the best and most flexible financial solutions to facilitate your purchase of Fiat 500X so that you can drive it away. With FCA Bank, you can combine your finance with high value-added insurance services tailored to meet your requirements: fire and theft, collision and fully comprehensive insurance, extended warranty, and windscreen or vehicle security marking.
